*The \$2,000.00 of Berlin, N. H. Bonds matured on July 1, 1936 and the money was reinvested as follows:

\$1,000 00 Dartmouth Savings Bank
\$1,000 00 Hillsboro Guaranty Savings Bank

**The \$1,000.00 of principal in this bank was deposited in July 1936. Since interest dividends from this bank are declared annually on April 3rd, no interest is available from this bank as of January 31, 1937.

†This \$975.00 increase of principal in the Peterborough Savings Bank is made up of the following new funds:

\$ 25 00	Anna L. Hayes Cemetery Fund (Part)
50 00	Charles R. Collins Cemetery Fund
100 00	Charles B. Collins Cemetery Fund
500 00	Jennie I. Mason Aged Citizen's Fund (Part)

††This \$800 increase of principal in the Savings Bank of Walpole is made up of the following new funds:

\$500 00	Jennie I. Mason Aged Citizen's Fund (Part)
100 00	Jennie I. Mason Cemetery Fund
200 00	Luke Knowlton Cemetery Fund

\$800 00

As noted in the above comments, Mrs. Jennie I. Mason created a fund of \$1,000.00 which we call the Jennie I. Mason Aged Citizen's Fund. The will of Mrs. Mason specified that the income from this fund should be used in furnishing some of the necessary comforts for worthy elderly people who are in need and are citizens of Marlboro — the names of the recipients not to be printed in the Annual Reports of the Town.

Respectfully submitted,

ROLAND A. WHITNEY,
JOHN D. TUTTLE,
CHARLES B. KNIGHT,
Trustees.

NORMAN N. COLLINS,

Agent.

It is my desire to thank everyone who in anyway helped in the past year.

During the flood of last March the spirit of co-operation to me, was wonderful, the aid offered and in a great many instances given, shows in a serious time what to expect.

The financial aid from the State and Government applied to flood damage; to a great extent repaired same.

Many miles of road and many drainage structures, were repaired or replaced.

One bridge, a total wreck was replaced by the State and Government; three others, one badly damaged, were repaired at no cost to the Town.

This left your maintenance money to be used as usual, after the deduction of $\frac{1}{8}$ of 1% total valuation applied to flood damage.

With this fund Highways and Bridges have been cared for, more than 30 miles of brush cut from which 126 loads of brush were trucked away and burned.

Later in the fall, the leaves were removed from ditches, culverts and turnouts, on most of roads.

Further details are offered in itemized report.

NORMAN N. COLLINS,
Road Agent.

REPORT OF SWIMMING POOL COMMITTEE

Your committee respectfully submit the following report, after giving a brief account of its activities.

After considering all the possible sites either known to the committee or suggested to it, it decided on the location choosen, for the following reasons, accessibility, plenty of clear spring water, natural building advantages and proximity to the base-ball grounds on Water Street.

The Royds lot where it is planned to locate the pool is a lot approximately 500' x 90' formerly known as the Calista Cloutier lot and a lot back of Leon Turcotte's lot 500' x 90'

wide on one end and 53' on the other, connecting the first lot with the present baseball field.

There will be room for a play ground for small children and a spacious parking space for the cars of those who come to the baseball games , pool or other sports.

At present the lots have been cleaned of brush and considerable ditching has been done.

REPORT OF THE FROST FREE LIBRARY

The annual meeting of the Trustees of the Frost Free Library, was held in the Library, Saturday afternoon, October 17, 1936, at 2:45.

The meeting was called to order by the President, Rufus S. Frost, who called on the Reverend C. P. Buckley to offer prayer. The secretary read the minutes of the previous meeting, and they were approved. The treasurer Fred D. Hemenway read his report, which was accepted subject to audit. The report was as follows:

Amount on hand October 12, 1935, \$178.36. Amount received during the year, \$492.10, total \$670.46. Amount paid out \$539.38, leaving cash on hand, October 17, 1936, \$131.08.

The Librarian, Mrs. Elfreeda K. Cheeseman read a report of much interest, relative to the number of times the library was opened during the year, the number of books and magazines taken from the library; also the number of fiction and non-fiction books and magazines. The report also revealed the fact, that books printed in the Finnish language were borrowed from the State Library and were available for any who wished to read books in that language. The report was adopted.

Rev. C. P. Buckley reported verbally on the matter of covering the brook. A discussion followed, and the report was adopted.

It was voted to purchase new grates for the furnace.

Clarence Ward was elected a committee of one to purchase fuel for the heating of the Library building.

Rev. C. P. Buckley was authorized to make inquiry regarding the amount of shrubbery necessary for the front of the building, and its probable cost.

The Trustees voted a gift of five (\$5) dollars for her faithful service to the library. Mrs. Cheeseman thanked the Trustees, and announced she would return the gift for the purchase of new books.

It was voted not to exceed \$200.00 for the purchase of new books.

Mrs. Mabelle F. Page was authorized to investigate the installation of two additional lights.

Mrs. Mabelle F. Page and Miss Ruth Hemenway were elected to purchase the new books.

The following officers were elected.

President, Rufus S. Frost.

Vice-President, Mrs. Mabelle F. Page.

Secretary, Rev. Herbert J. Foote,

Treasurer, Fred D. Hemenway.

Librarian, Mrs. Elfreda K. Cheeseman.

Auditor, Rev. Herbert J. Foote.

The following were elected as members of the Executive Committee. Mrs. Mabelle F. Page, Miss Ruth Hemenway, Walter Buckminster, Ernest Flint, Clarence Ward, Rev. C. P. Buckley, Rev. Herbert J. Foote.

No further business appearing the meeting adjourned at three-thirty.

HERBERT J. FOOTE,

Secretary.

LIBRARIAN'S REPORT

To the president and trustees of the Frost Free Library, the librarian submits the following report for the year ending October 14, 1936.

The library has been open one hundred and three times with a total circulation of 9,232 books; 5,837 of which were adult fiction, 2,264 juvenile fiction, 684 adult non-fiction, 447 juvenile non-fiction.

The total circulation of magazines was 7,643.

In addition to the magazines already found on our shelves, "The Yankee", "The Woman's World", the "Scientific

American", and "Parents-Teacher Magazine" have been added by library subscription.

The success of double subscriptions to the American, Good Housekeeping, Cosmopolitan and Reader's Digest has been so marked that the library will continue to have two copies of each every month.

I feel that our library is most fortunate in having such a varied and complete assortment of magazines.

If they do not run from A-Z, we can at least claim a collection that runs from A-Y, — "American to Yankee."

There are magazines of interest to everyone; for home makers, fashion seekers and fiction readers who find the answer to all these in such magazines as Good Housekeeping, McCall's, Pictorial Review, Ladies' Home Journal, Delineator, Woman's Home Companion and many others; for those interested in outdoor activities such as gardening and farming we recommend Better Homes & Gardens, Country Gentleman, Country Home and the Flower Grower; for men and boys who enjoy scientific articles, modern inventions etc., there are three splendid magazines. Popular Mechanics, Popular Science, and the Scientific American; for the fishing, hunting and outdoor enthusiasts we offer Hunter, Trader, Trapper, and Hunting and Fishing. There are magazines of timely interest, as the Literary Digest, Times, and Readers' Digest, and magazines such as Harper's and the Atlantic Monthly whose articles are always worth while.

Movie and radio "fans" delight in our copies of Photo Play, Screen Book, and Radio Stars.

Hygeia, the health magazine, Parents, a magazine on rearing children from crib to college, and the new Parents-Teacher magazine are welcomed by parents and teachers.

The Grade Teacher is also appreciated.

Women interested in careers, business and club work find the answer to their questions in the Independent Woman and the Clubwoman, which are donated by Miss Elizabeth Bryant and Mrs. Gertrude Bryant.

The older boys enjoy the American Boy, Boy's Life, American Legion, and Open Road for Boys, while the older girls

have become enthused with the American Girl, the Girl Scout magazine. The needs of the younger children are most adequately met by their own magazines, Play Mate, Child Life, and St. Nicholas.

Then there are magazines of general interest to all, whose articles and splendid fiction make them always popular, such as the American, Cosmopolitan, Red Book, Collier's Weekly, the Saturday Evening Post and others; of which the National Geographic holds a place hard to equal.

I haven't tried to list all of our magazines but as I was writing this report, I wondered if some of our patrons realized the complete assortment of magazines that awaits them on the library shelves.

There is a separate fund donated each year by the Frost heirs which makes this exceptionally complete line of magazines possible. I am sure that all the library patrons join me in expressing our thanks and appreciation to them for their annual gift.

Aside from our regular magazine subscriptions we are indebted to the following who have generously given copies of magazines during the past year, Miss Veronica Cheney, Miss Angelina Croteau, Mrs. Melvina Blair, the American Legion and our three faithful monthly donators, Mrs. Grace Thatcher, Miss Ruth Hemenway, and Mr. Harry Bemis.

One hundred and fifty-six new books have been added during the year, 137 were purchased from the library fund, the other 19 were gifts; 2 from Mrs. Rufus Hale, 4 from Miss Kathryn Fraiser, 1 from Mrs. Annie Woods, 1 from Russell Bissell, 8 from Robert Davis, 1 from Sumner Cheeseman and one from an anonymous donor.

A copy of "More New Hampshire Folk Tales" was donated by the Marlboro Woman's Club. This book was enthusiastically received by those who had enjoyed its predecessor, "New Hampshire Folk Tales" which was also presented by the Woman's Club.

Mr. Frank Ryder gave a number of Agricultural Year Books and pamphlets.

Mrs. Mabelle Page has donated a copy of the Better Homes and Gardens Cook Book., owing to the type of book (loose leaf) it will not be loaned from the library but patrons are welcome to use it in the library and copy any recipes that appeal to them.

So once again, on behalf of the Frost Free Library and its patrons, I say, "Thank you, each and every one.

The yellow slip of library rules which used to be placed in the front of every book is no longer found in the new books, as the trustees decided to have the rules printed in last year's town report, instead. A copy of the revised rules is on display in the library.

The trustees and librarian of the Frost Free Library were invited to attend a district meeting of librarians in Dublin, on October 2nd. As our library belongs to another district, we were much pleased with the invitation and Mrs. Mabelle Page, Miss Ruth Hemenway, and I attended the all day meeting.

Among the speakers were Miss Annabele and Miss Pratt from the Public Library Commission in Concord, who conducted Round Tables for Trustees and Librarians, respectively. Miss Jennie D. Lindquist, from the Manchester Public Library gave an especially interesting talk on Children's Books.

The books which she reviewed and read selections from were delightful, and as they were all on display, a fine opportunity was offered to librarians and trustees to make selections for their juvenile lists.

It was a splendid, interesting and instructive meeting and we were pleased to have the opportunity to attend.

In addition to the books and magazines which were given to the library another gift was received. An adorable little basket, perfect in every detail, which come originally from the House of Seven Gables, was donated by Miss Ellen M. Lyons of Quincy, Mass.

REPORT OF HEALTH OFFICER

There is not much to report for the last year as the town has been free from epidemics of any kind and only a few scattered cases of scarlet fever and whooping cough have been reported.

The State Board of Health, Public Health Nursing Division, sent the following report.

There was one child clinic held with an attendance of 70.

73 defects were found and 34 had been corrected.

One Diphtheria immunization clinic was held with 34 attending. 6 mos. to 1 yr. 10; 1 yr. to 6 yrs., 23; School age, 1.

State nurses have made routine visits throughout the year, to patients in their interest or behalf.

In regard to disposal of garbage. Mr. Gregory has consented to collect twice a week and if any one cares to get rid of it, he will gladly call. This is a much more sanitary way. than dumping it wherever it happens to be convenient.

DR. L. G. HILDRETH,
Health Officer.

MARLBOROUGH COMMUNITY NURSING ASSOC.

The Marlborough Community Nursing Association submits the following reports for the year ending December 31, 1936.

Our year ends with all bills paid and a safe balance on hand. As near as we can foresee, an appropriation of \$800.00 will take care of us this next year.

The usual clinics, school work, nursing at the bedside and welfare work have been carried on, all of which have kept our nurse very busy.

A membership call was sent out in August, under the leadership of Miss Irma Richardson. We were rather disappointed at the lesser response this year. Perhaps this was due to oversight in many instances, and we take this opportunity to again advise any who have not paid membership dues of \$1.00 this year that their support would still be most acceptable. I feel sure that no citizen in Marlboro would advise that we be without a Community nurse. One dollar from each person who is regularly earning would be a very great help to the association, lessen a bit the burden on the taxpayers and also raise the efficiency of our work, not only because of the added money but because of the spiritual support inevitably given with the dollar. Try it and see.

Again your president thanks one and all — and they are many — who have in any way helped Miss Robbins in her work, and urges you to study carefully the accompanying reports of Miss Robbins and Mr. Page. Any constructive criticism would be welcomed and thoughtfully considered by the officers of this — your Nursing Association.

Respectfully submitted,

RUTH E. HEMENWAY,

Feb. 10, 1937.

President.

Pre-School Work

On May 6, a pre-school clinic was held at the Greenwood Memorial Vestry under the direction of the State Board of Health, Division of Maternity, Infancy and Child Hygiene; and sponsored by the local Woman's Club and Nursing Association. Through the generosity of friends, transportation was furnished to those living at a distance.

Dr. Walter F. Taylor of Keene, N. H. was examining physician, assisted by Miss Elizabeth H. Camil, R. N. State nurse and Della A. Robbins, R. N., local nurse. Seventy-eight children attended the clinic, seventy-one of which were weighed, measured and examined by Dr. Taylor. Many defects of a minor nature were noted. (A number of which were found to be under treatment.) Also thirty-four children were given the immunization treatment of toxin anti-toxin for the prevention of diphtheria.

Corrections — 1 Tenotomy (for contracted infantile foot)
 5 Tonsillectomy
 3 Continuing to attend orthopedic clinic.
 6 Correction of Phimosis.

Welfare Work

Through the cooperation of the Selectmen and New Hampshire Surplus Commodities a number of quilts, blankets and a good deal of clothing has been obtained and distributed.

The local organizations have been most helpful and have given of both time and supplies.

The Ladies Circle of the Federated Church have done a great deal of sewing.

The American Legion and Auxillary have given most generously.

The Red Cross and friends have contributed towards needy dental work which has been so helpful.

Friends have been very generous in giving food, bedding and clothing as needed.

We deeply appreciate the splendid cooperation of our fellowmen at all times, and we are grateful to the telephone staff, for transferring calls to the drug store, when the nurse is absent from the house and to Mr. and Mrs. Charles Ring for their promptness and courtesy shown in handling emergency calls.

A report of the school work will be found in the school reports.

Respectfully submitted,
DELLA A. ROBBINS, R.N.

History.....	3 yrs.	Mathematics.....	3 yrs.
Science.....	3 yrs.	Civics.....	1 yr.
Commercial.....	4 yrs.	Economics.....	1 yr.
Latin.....	4 yrs.	Sociology.....	1 yr.

The athletic program has been carried on as usual. Marlboro High School is a member of the Monadnock league in basketball and baseball and has competed with these teams regularly. The list of players on both the boys' and girls' teams is as follows:

Boys: — Larry Anderson, Capt.; Philip Oliver, Sherman Martin, Arvo Lepisto, Robert Kenyon, Leo Hackler, Harold Burby, Robert Davis, Howard Richardson, Robert Bissell, John Ryder, and Edward Rogers.

Girls: — Phyllis Knight, Marie Beauregard, Maxine Butler, Bette Hurst, Eleanor Clark, Sylvia Beauregard, Barbara Patterson, Evelyn Ballou, Audrey Pierce, Clara Knight, Beatrice Zecha, Kathryn Ryder.

New Schedule

Monday, November 30, the teachers of Marlboro High School decided to try out a new schedule, suggested by State Inspector Russell Leavitt, who felt that each teacher had too many daily preparations. The trial period proved successful and the new schedule has now become our regular program. By lengthening the periods from 40 to 50 minutes, classes now meet 4 instead of 5 times each week. The subject omitted because of fewer periods is called "the floating period," and meets a different period each day for four days. More work has to be covered each day, but there is much more time for supervised study. The schedule also provides time for the much needed Junior "B & C" subjects which include penmanship, music, drawing, club work, and drill in fundamentals.

Literary and Social Activities

In the Original One-Act Play Production Contest sponsored by the New Hampshire State Board of Education in the spring of 1936, a group of Marlboro High School students, Maxine Butler, Priscilla Beaudoin, Russell Bissell, Sherman Martin, Ivar Tonseth, and Edward Hackler, participated. Their play, "Almost Too Late," was one of the four selected for presentation at the finals held at Laconia, May 1, 1936.

While the students did not actually win the contest, their record is one of which the school may be justifiably proud.

The annual Mount Monadnock hike took place in September, 1937. Despite the threatening weather, a large group of hikers followed the various trails to the mountain top where they ate their lunch. The group returned in the early afternoon.

Members of the high school tendered their incoming class a welcome at the annual freshman reception and initiation in early October.

On Hallowe'en Night, the members of the junior and senior classes were entertained in Fitzwilliam at a party by Mrs. Joseph Derby and Mrs. Samuel Williams. Games, refreshments, and stunts provided enjoyment for all those who attended.

During the Christmas week, the high school was the scene of a Christmas party. The students and teachers exchanged gifts around a tree and later played games. A student committee served refreshments during the evening.

Graduation

A class of twenty-two members, one of the largest in the history of the school, was graduated on June 11, 1936 from Marlboro High School. The following program was presented:

These exercises were followed by a short reception.

Junior High School

This year's junior high social activities consisted of several affairs very much enjoyed. In the fall each class had a hike and cooked their supper on a campfire.

Hallowe'en was celebrated with an appropriate party at school. Games and stunts took place.

The junior high Christmas party was held in the Grange Hall with the usual Christmas program, games, tree and refreshments.

A Valentine party was held and the exchange of valentines enjoyed. Refreshments were served by the class members.

In the spring more hikes will be planned.

Respectfully submitted,

RALPH H. BISSELL,

Headmaster.

Music

To the Superintendent of Schools:

"Music, next to religion," said Edison, "is the mind's greatest solace, and also its greatest inspiration. The man who disparages music as a luxury and a non-essential is doing the nation an injury."

Music study in the grades is progressing well. A definite course of study is being carried out and with the elimination of much unnecessary theory, useful only to instrumentalists, more time is available for the study of sight reading, rhythms, and interpretation. This should and will improve music reading, tone production, and interpretation. New music which is being used to good advantage has been supplied by the school department this year.

Music in the High School is improving and more interest is evident. Last year the High School Chorus presented several selections at Graduation and it is planned to have them participate in the Graduation program again this year.

May I here express my sincere appreciation to Principal Ralph R. Bissell, Superintendent Frederick T. Johnson, to the Members of the School Board, and to the teachers for the splendid cooperation that has been given this department.

Respectfully submitted,

ARTHUR T. COOGAN,
Music Supervisor.

REPORT OF SCHOOL NURSE

To the Superintendent of Schools:

The following report is submitted to Mr. Frederick T. Johnson, Superintendent of Schools.

The school work continues to be a busy and interesting branch of the Public Health Program. Visits have been made to school nearly every day.

The pupils of the grades have been measured three times during the year and weighed each month. Beginning in September the High School pupils are being weighed each month instead of three times during the year. (The change seemed necessary especially during the basket ball season.)

Milk classes have been encouraged. As there was no federal money to purchase milk for the needy underweight children, we asked our community to help with this worthy project. The response was gratifying. Though the most generous contributions of the Sacred Heart and Federated Churches, local organizations and friends, it was made possible to carry on this project. Also to purchase a limited amount of Cod Liver Oil. Beginning the first of December milk lunches were started; and, again our community is helping with this worthy project.

The serving of the milk is being carried on through the cooperation of the high school pupils and the teachers (also Cod Liver Oil.)

In January, 1936, the annual physical examination of all the pupils was made by Dr. L. G. Hildreth, assisted by Della A. Robbins, R. N.

301 Pupils examined:

42 defective vision.

58 enlarged tonsils and defective tonsils.

22 defective teeth.

Corrections:

4 have had glasses changed

11 have been fitted to glasses.

12 have had tonsils and adenoids removed during the summer months.

It is our hope to have the annual physical examination each year at the beginning of the school year, therefore the reports of two annual examinations appear in this report. The second examination being made in the early part of October 1936.

280 Pupils examined:

36 with some defective vision.

17 with defective tonsils.

Corrections:

3 have had tonsils and adenoids removed.

3 have been fitted to glasses.

Mr. Bissell and his basket ball team are most effectively conducting physical exercises each morning in an effort to stimulate better posture among the pupils.

On October 28, 1936 an underweight clinic was conducted at the Village school under the direction of the New Hampshire Tuberculosis Association. Dr. Robert E. Kerr of Manchester, N. H. was the examining physician, assisted by Mrs. Mildred Gage Aiken, State T. B. Nurse, and Della A. Robbins, R. N. All underweight children (10% or more) and pupils going out for basket ball were examined by Dr. Kerr.

98 Pupils examined.

1 Adult examined.

Old cases 68 improved and 11 unimproved (2 Cardiac, 2 Orthopedic, 11 Defective tonsils.)

New Cases: 18 negative; 1 suspicious hilus.

Four pupils were advised not to enter into athletics of any kind.

We feel very fortunate to have Dr. Gorden Conboy and Dr. Erwin Adams of Kenee, N. H. to conduct our dental clinic this year. All pupils have had dental inspection and the work is well under way. We are very grateful to Dr. Conboy for his contribution of a cuspidor with attachments for running water and we are grateful to the School Board for connecting this equipment, which adds much to the pleasantness and ease of the work.

Pupils taken to orthopedic clinic, 5.

Pupils taken to doctors offices for treatment, 10.

Exclusions for skin conditions, 8.

Exclusions for mumps, 38.

Respectfully submitted,

DELLA A. ROBBINS, R.N.

Promotions

The following numbers of promotions in respective grades were made in June:

Grades

I	II	III	IV	V	VI	VII	VIII	IX	X	XI	XII
20	21	22	24	27	25	16	33	23	19	18	22

These promotions were made on the following points: regularity of attendance, term rank, standard tests, and regular examinations given by the teachers.

Metropolitan Achievement Tests were given; one at mid-year and one in June.

The Otis Standard Graudation examination for elementary schools was given to the eighth grade.

The results attained in the above mentioned standard tests confirmed the graduation of pupils in our schools in respective grades.

These tests are helpful and valuable to teachers not only in the fact that they give a comparison between our pupils

and a large number of other pupils selected from a large area of our country but also point out to the teacher the weak and strong points of each individual pupils and show where remedial work can be used to an advantage.

Changes in Teaching Corps

During the present year, there has been but one change in our teaching corps. Miss Helena Hebert, a teacher in our public schools for a score of years or more, having resigned. Miss Elizabeth Powers, of Gardner, Mass. and a graduate of Fitchburg Normal, was assigned as teacher of the Fourth Grade.

Improvements in School Plant

A chemical laboratory has been installed in the basement of the high school building. This provides an additional recitation room and a more workable room for Physics and Chemistry.

The new brick building for First and Second grades is not only an ornament to our town and school plant but also a much needed addition.

A modern school building is one of the corner stones and a valuable asset to a growing town.

In conclusion, I wish to thank the school board, teachers and parents for their cooperation and support.

Respectfully submitted,

FREDERICK T. JOHNSON,
Superintendent of Schools.
